

## **TLEN5839: Homework 8**

### **Project Management Practice**

Due Tuesday 3/29 noon.

#### **Description**

Part of security is controlling the software product development lifecycle. A key part of that is project management. Write a 2-3 page SRS for the your project. A full SRS is too much for a first pass. Do as much as you can in two – three pages.

#### **Deliverables**

A two page SRS following the IEEE SRS example as a PDF in D2L.
